48 HOURS MYSTERY

11/03/07

48 HOURS MYSTERY: "Blood Feud" (WEST COAST ONLY) - Nancy Seaman, an award-winning teacher living in Farmington Hills, Michigan, an exclusive Detroit suburb, was accused of the 2004 hatchet/stabbing murder of her husband, Bob. She admits killing him, but says it was self-defense, claiming that he had been mentally and physically abusing her for years. The couple's two sons -- Greg and Jeff -- differ concerning their parent's marriage and the life they all shared. Greg sympathizes with his mother, claiming that his father was abusive and that his mother's life was in danger. Jeff, who testified for the prosecution, denies that his mother was a battered wife. Nancy Seaman was tried and found guilty of murder in the first degree and was sentenced to life in prison. This past August, the judge in the case ordered Nancy Seaman's conviction reduced from first to second-degree murder. If the ruling is upheld Nancy's life sentence could be reduced to as little as seven and a half years. Includes interviews with: Nancy Seaman; her sons Greg and Jeff; defense attorney Larry Kaluzny; Lisa Ortlieb, prosecutor in the case and director of Oakland County's Domestic Violence Unit; and Dr. Lenore Walker, an expert on abused women. 48 HOURS MYSTERY: "A Time To Kill" - A report on the September 12, 2001 disappearance of Michele Harris, a resident of Tioga County, New York. Michele, a mother of four, was involved in a bitter divorce with her husband, Cal Harris. He claimed she did not return home on the evening of September 11, 2001; her empty van was discovered at the end of their driveway the next morning. Cal denied any involvement and when no evidence was found during a search of the Harris home, he suggested to investigators that they take a closer look at Michele's personal life. Investigators uncovered that Michele was involved with two different men, both of whom had seen Michele the night she disappeared. Two days after the initial search, a forensic specialist was sent to the Harris home and found tiny specks of blood on a kitchen doorway, something that had been overlooked during the initial investigation. With the discovery of a possible crime scene, as well as Cal's refusal to take a polygraph, focus was placed on Cal, who began a relationship with a former girlfriend just eighteen days after Michele's disappearance. On September 30, 2005, Cal Harris was arrested and charged with murder. The trial began on May 21, 2007 and ultimately, he was found guilty of second degree murder. Just days before Cal Harris was to be sentenced, a new witness came forward and claimed to have driven past the Harris driveway around dawn on September 12, 2001 and had seen a man and a woman, who appeared to be arguing. According to this new eyewitness, the woman resembled Michele, but the man did not look like Cal. With this new information, the judge threw out Cal's conviction for the murder of his wife and ordered a new trial. It will be at least a year before Cal Harris is tried again. 48 HOURS MYSTERY: "Strange Truth" - in the early morning hours of March 21, 2003, Ramona "Mona" Krotine left an office party just outside Cleveland, Ohio, and was never seen alive again. Nearly 24 hours later, she was found in the trunk of her car, beaten and shot to death. At first, police suspected a botched robbery because Mona was carrying the cash receipts from working at a concession earlier that day. Subsequently, Mona's husband, Jeffrey, began acting suspiciously, and the focus of the police investigation shifted to a domestic murder. Authorities believed that Mona had actually returned home after the party and that Jeffrey, having killed her, attempted to cover up the crime by destroying evidence, including portions of bedroom carpet and a large headboard. The case, largely circumstantial, went to trial twice, both times resulting in a hung jury. The jury at a third trial found Krotine not guilty. Officially, the murder of Mona Krotine remains an open case, but Jeff Krotine can never be retried for his wife's murder. 48 HOURS MYSTERY

- 12/01/07 **48 HOURS MYSTERY: "Capture the Queen"** - On July 4th, 1999, Brooke Leigh Henson of Travelers Rest, South Carolina, was reported missing from her home, hours after getting in an argument with her boyfriend, Ricky Shaun Shirley. Shirley, who had convictions for drug violations and assaults, refused to talk and hired an attorney. With no cooperating witnesses and no body, the case stalled. In 2006, there was a potential break when police received a tip that there was a woman calling herself Brooke Henson, living in New York City and attending Columbia University. Though able to answer personal questions provided by Brooke's aunt, Lisa Henson, it was determined through a photograph that the woman in question was not her niece. Hoping to get a DNA sample for testing, police made an appointment with the mystery woman, who never showed up. Upon further investigation, it was discovered that the woman using Brooke's name was Esther Elizabeth Reed. Esther had disappeared from the Seattle, Washington area after pleading guilty to theft and forgery in 1999. Since her disappearance, Esther has been making her way across the country, claiming to be a chess champion. Using phony Social Security numbers, fake identities, first as Natalie Fisher, then Natalie Bowman, and finally, as Brook Henson, she has managed to elude authorities. In addition, she financed her Manhattan lifestyle through fraudulent student loans taken in Brooke Henson's name. This September, a federal grand jury in South Carolina handed down an indictment, charging Esther Reed with felony identity theft and student loan fraud. Federal Authorities are currently searching for Esther Reed, who remains at large. Includes interviews with: Lisa Henson, Brooke Henson's aunt; Detective Jon Campbell, lead detective on the Brooke Henson case; Edna Strom, Esther Reed's sister; Bitu Shaghagi, Esther's roommate and friend from Cal State Fullerton; and Steve Rambam, a private investigator hired by 48 HOURS MYSTERY to locate Esther Reed. 48 HOURS MYSTERY (continued)

12/08/07 **48 HOURS MYSTERY: "An Invisible Enemy"** - United States Marine Todd Sommer, married and a father to four children, was only twenty-three years old when he collapsed on February 18th, 2002 and died in San Diego, California. The Navy Criminal Investigative Service (NCIS) opened a routine investigation into Todd's death and found nothing unusual. Though he had been exhibiting symptoms similar to food poisoning in the days leading up to his death, the official cause of death was cardiac arrhythmia. A year later, his wife Cynthia relocated to Florida with a new boyfriend and her four children, but NCIS Special Agent Mark Ridley believed that the autopsy had overlooked important clues -- the symptoms Todd had been experiencing days before his collapse. He believed that those symptoms and Todd's sudden death were related, and ordered a rare heavy metals test on Todd's tissue sample. Almost two and a half years after Todd's death, results indicated that Todd was poisoned with a lethal dose of arsenic. The NCIS became convinced that Todd's death was a homicide and that the lure of Todd's military life insurance policy gave Cynthia the motive for murder. In November 2005, Cynthia Sommer was arrested and charged with first-degree murder. Based on the time Todd's symptoms first appeared and the fact that the symptoms of an acute arsenic poisoning mimic the severe stomach problems Todd experienced, the prosecutor concluded that Cynthia was the only person who could have poisoned her husband. That, along with what prosecutors called immoral behavior, including breast implant surgery, resulted in Cynthia being found guilty of murder. Ten months later, at Cynthia's sentencing hearing, her new attorney, Allen Bloom, asked the judge to grant her a new trial, based on the number of errors committed by her trial attorney, Bob Udell. The judge agreed and granted a new trial motion. Cynthia Sommer maintains her innocence and is asking to be released on bail. No new trial date has been set. 12/15/07 **48 HOURS MYSTERY: "The Girl Next Door" (2)** - a follow-up to one of the two stories included in "The Girl Next Door" (OAD: 01/07/06). In that report, Detective Scott Dudek of the Alameda County (CA) Sheriff's Office was attempting to establish the identity of a teenage girl whose body was found on May 1, 2003 in a trash bag left behind a restaurant in Castro Valley, California. Forensic sculptor Gloria Nusse created a reconstruction of the girl's face, based on nothing but her skull. After the initial 2006 report on 48 HOURS MYSTERY, a viewer called to say that the victim looked like a young girl who had been seen around Castro Valley with Miguel Castaneda, who had worked at the restaurant where the body was dumped. He had disappeared, but police received a tip that the girl and the man she had been seen with might have been from the same hometown in Mexico. Dudek and his team then went to Yahualica, Mexico. There they extensively publicized their search and handed out many fliers. A woman whose daughter was missing came forward, and a DNA sample would later confirm that she was the mother of the now-identified victim: Yesenia Nungaray. Yesenia was given a funeral in her hometown. The search for Miguel Castaneda continues. (C: Harold Dow - P: Clare Friedland)

48 HOURS MYSTERY (continued)

- 12/22/07 **48 HOURS MYSTERY: "The Biggest Gamble"** - a follow-up to "The Highest Stakes" (OAD: 03/04/06), a report on the investigation into the October 2005 disappearance of Christie Wilson, a 27-year-old from Sacramento, California. Christie was last seen at the Thunder Valley Casino in the company of Mario Garcia, a 53-year-old married father of two. A lengthy investigation revealed that Mario had a prior criminal record including charges of rape and assault with a deadly weapon and spousal abuse. That information, as well as DNA evidence linking him to Christie, resulted in his arrest. His trial lasted two months and the jury deliberated for just three days. Despite the absence of a murder weapon and physical evidence to prove that Christie Wilson is dead, Mario Garcia was sentenced to a term of twenty-five years to life. Based on a serious prior conviction, his sentence was doubled to fifty years. Mario Garcia still maintains his innocence. Volunteers continue to search for Christie Wilson's body. (C: Erin Moriarty - P: Paul LaRosa & Melissa Sanford) (OAD: 02/17/07 - includes an update.)
- 12/25/07 **48 HOURS MYSTERY: "The Mystery of Christmas"** - Correspondent Maureen Maher journeys to the Holy Land to investigate the story of the birth of Jesus. 48 HOURS searches for archeological proof of the Biblical accounts, decodes the messages hidden in the scriptures and examines starkly different versions of Christmas. Maher explores the lands of the Bible with Professor Ben Witherington, a conservative scholar and evangelical minister, in a return to the 'historical bedrock' where history and faith intersect. Witherington takes 48 HOURS to the cave in Bethlehem where he says Jesus was born; the excavations of ancient Nazareth; Capernaum, where Jesus' ministry was based; and the stone city of Petra, where he claims the Wise Men passed through. The broadcast examines numerous questions. Was Jesus born in Bethlehem of Nazareth? Were there shepherds at Christ's birth, or magi, or both? Was there a guiding star the night of the birth? Is December 25th the true birth date of Christ? How accurate are the different infancy narratives in the Gospels of Matthew and Luke? How much creative license did the Gospel authors take? Witherington makes the case for the Virgin Birth. The veracity of the belief is questioned by Professor John Dominic Crossan, a former Roman Catholic monk, and Princeton University Professor Elaine Pagels. (C: Maureen Maher - Sr. P: Peter Schweitzer - P: Miguel Sancho) (OAD: 12/20/05)
- 12/29/07 **48 HOURS MYSTERY: "Defending Your Life" (WEST COAST ONLY)** - for nearly 17 years, sisters Kim and Beth Jones of Snohomish, Washington, have been trying to prove that their father, Jerry Jones, Jr. is innocent of the Dec. 3, 1988 stabbing murder of their mother, Lee. Jones was tried and found guilty of his wife's murder, but in 1999, an appeals court ordered him released due to an ineffective lawyer. In 2001, Jones was re-tried and re-convicted. His conviction was reversed again, because the jury didn't hear crucial evidence. In 2005, Jones, who chose to represent himself, was tried for the third time. Despite Jones' attempts to prove that Danny Busby, a teenage neighbor, was the real killer, a jury found him guilty of murder. He was sentenced to 25 years in prison, but as a result of time served and good behavior, Jerry Jones will be eligible for release in three years. Includes interviews with Jerry Jones and Ron Doersch, the prosecutor in all three trials. (C: Peter Van Sant - Sr. P: Anthony Batson - P: Lisa Freed, Shoshana Wolfson) (OAD: 10/15/05)

The series is designed to provide the viewers with two integrated levels of educational and informational experiences. On one level, each episode provides actual instruction regarding specific activities, with hands-on examples related to the design and use of various fabrics, the making of clothes, the crafting of useful home, school, play, and household items, and other forms of creative expression. The other level in the episode provides an opportunity for the viewers to learn about social and emotional themes such as the value of honesty, the importance of personal worth and self-esteem, the meaning of friendship, the value of having a healthy life-style, and other prosocial concepts that are developmentally appropriate for this age-group. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. We will be airing this program on both our analog and digital channels.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
<p>HORSELAND is an animated series about five girls and two boys who live in spectacular countryside that houses a farm called Horseland. Each of these main characters has a special horse whose personality is similar to its owner's. Horseland and its unique approach of integrating the personality of the main characters and animals serve to reinforce prosocial themes. Horseland is also a "coming of age" series in which viewers experience and learn from the social interactions, hopes, dreams, and even fears of this group of culturally diverse adolescents. From this background, the experiences of sharing, caring, compromise, friendship, respect, and competition emerge to provide the young viewers with social and emotional guidelines for better understanding many of the life-lessons they need to learn as they grow and develop. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
